Jole' Blon

Q-1859

Called By Lee Main

OPENER - CLOSER

Circle left

*Jole' Blon, my delta flower

You're my darlin', you're my sunshine

Left allemande, dosado

Left allemande, weave that ring

In the evening, in the shadows

I'll be waiting by the river

And when I hear your sweet voice, everytime I'll rejoice

I'll save my kissin' just for you

FIGURE

Heads square thru and get me 4 hands

Dosado with the corner ther,e man

Touch 1/4 now, follow your neighbor and spread

Fan the top and then go right & left thru

Go dixie style to make your wave

Take a peek and trade the wave

Swing the corner lady and promenade

And when I hear your sweet voice, everytime I'll rejoice

I'll save my kissin' just for you

MIDDLE BREAK

Sides face, grand square

Gonna go away from the city

Gonna go back to our home

Like I promised someday, I'd take you away

But, so far away we have roamed

Ladies promenade that ring, get back home and swing

Swing that guy and promenade around I sing

When I hear your sweet voice, everytime I'll rejoice

I'll save my kissin' just for you

*Jole' Blon, my cajun angel

Let me tell you that I love you
