OPENER
Circle left
Well, girl I'll sing you love songs every morning
And I'll be there to help you through the night
Men star by the right, go once around now
Left allemande that corner, weave the ring
And I'm so in love with you
Dosado and promenade her
And I always will be true
I'm so in love with you

FIGURE
Well now the heads (sides) you promenade outside go halfway
Come down the middle and pass the ocean here
Extend, swing thru, & then spin the top now
Do a right & left thru & turn the girl again
Square thru 3/4 round the ring go
Swing the corner there and promenade now
And I always will be true
I'm so in love with you

MIDDLE BREAK
Circle left
Well come on girl I need you here beside me
And by my side you'll never walk alone
Men star by the right, go once around now
Left allemande that corner, weave the ring
And I'm so in love with you
Dosado and promenade her
And I always will be true
I'm so in love with you

CLOSER
Circle left
Well you're the one that keeps me altogether
And you alone can make the world seem right
Men star by the right, go once around now

And I always will be true
I'm so in love with you
