

Norwood Is Coming Home

Music by: DOMÜNO
ABC 6

OPENER - CLOSER

Sides face, grand square

Look up, ol' Norwood's coming home

He's been away on a four-year government load

He is a fighter and a lover, all of the girls better run for cover

Look up, Ol' Norwood's coming home

Allemande left and weave

When he gets back to his home town, I wonder if he'll settle down

Swing your baby, promenade

When he gets back to his home town, I wonder if he'll settle down

Things 'round here ain't ever gonna be the same

FIGURE

Four little ladies chain 3/4, all the girls will run for cover

Promenade, don't stop, keep moving round

Heads you wheel around you do, right & left thru and turn her now

Slide thru, make a wave, swing thru

Spin the top and then slide thru

Allemande left that baby, promenade - pampadapapapa

He ain't changed though he's a little older

Stills wears his guitar around his shoulder

Look up - ol' Norwood's coming home

MIDDLE BREAK

Sides face, grand square

Let's boogie - come on now - let's go

TAG

Up to the middle and come on - say HEY!
