

## Any Old Time

ROC-1112

Called by Tim Ploch

### OPENER

Four ladies chain across that ring now  
You rollaway and circle left in time  
Those four little ladies rollaway and circle  
Left allemande, weave that ring  
Pay no mind to the hour  
Swing that lady round and promenade  
Just snuggle up honey, you're my one and only  
Any old time, just call on me

### FIGURE

Head (side) two couples promenade go halfway  
Come down the middle and square thru and go  
Four hands around and then a right hand star go  
Heads (sides) star left in the middle and go half across  
Gonna meet your corner and swing thru  
Then the boys you trade and turn thru  
Left allemande and promenade  
Just snuggle up honey, you're my one and only  
Any old time, just call on me

### MIDDLE BREAK - CLOSER

Circle left  
\*Any old time you get lonely  
Nights get cold or love is blue  
Walk around the corner lady, see saw now  
Left allemande, weave the ring and go  
Pay no mind to the hour  
Any old time you can find me babe  
Drop in a dime and there I'll be

### ALTERNATE LYRICS

\*Any old time you start missing  
Somebody to hold and keep you company
