

It Only Rains On Me

SIR-103

Called by
Stefan Sidholm

OPENER - MIDDLE BREAK - CLOSER

Four ladies chain you turn that girl
You roll away, circle round the world
Four ladies roll away, you circle left that way
Left allemande, weave the ring
It follows me most everywhere
Swing your girl and promenade the square
People stop and people stare
But it only rains on me

FIGURE

Head couples square thru four hands round
Round the corner do sa do one time, make a wave
The girls trade, swing thru
Boys cross run, chain down the line
You square thru get three
Swing your corner, promenade on down
Now I look around and find
It only rains on me
