## Virginia

WWI-1030

### OPENER

Circle left

It's an awful surprise to open your eyes  
And wake up in some old strange place  
Left allemande, come home and box the gnat  
Pull by left allemande, and weave the ring like that  
Some senorita took a liking to me  
Dosado and promenade you know  
What'll I tell Virginia when I get home from Mexico?

### FIGURE

Heads promenade just halfway you go  
Side couples square thru 4 hands  
All the way around, go right & left thru across that floor  
Pass thru and trade by and do an eight chain 4  
\*I don't recall how I got here at all  
Swing a new girl and promenade you know  
What'll I tell Virginia when I get home from Mexico?

### ALTERNATE LYRICS

\*I guess I could say I was kidnapped

\*My eyes are all red, got an ache in my head

\*Searching my mind for some last minute lines

### MIDDLE BREAK

Walk all around your corner lady, see saw your own  
Men center and make a right hand star  
One time around and then, corner girl left allemande  
Come back and bow, sides face grand square  
But oh no, no, if I lie it'll show  
She'll look in my eyes and she'll know  
What'll I tell Virginia when I get home from Mexico?

### CLOSER

Walk all around your corner lady, see saw your own  
Men center and make a right hand star  
One time around and then, corner girl left allemande  
Come back and bow, sides face grand square  
Searching my mind for some last minute lines  
There's nothing worth saying I know  
What'll I tell Virginia when I get home from Mexico?

### TAG

Walk all around your corner lady, bow to your own  
If I get home from Mexico
