Years

CK-54

Called By
Dary Clendenin

OPENER - MIDDLE BREAK - CLOSER

Sides face, grand square

*Faded photographs, the feelings all come back

Even now at times you seem so near

Four ladies promenade

One time around and then you swing

Left allemande, then you promenade the ring

It's strange how the days turn into years

FIGURE

Four ladies chain across and go

Heads promenade halfway you know

Square thru 4 hands around and then, dosado

Swing thru and boys run, 1/2 tag, swing and promenade along

It's just that I still love you after all these years

ALTERNATE LYRICS

*Years of hanging on to dreams already gone

Years of wishing you were here

TAG

After all these years
