OPENER - MIDDLE BREAK - CLOSER

Circle left

Heart to heart we can make it, we can't fake it if it's real
Heart to heart we can make it just by sharing what we feel
Do an allemande left with the corner, dosado your own
4 ladies promenade once around you go
Turn the partner by the right, full turn around
Allemande left the corner, promenade around the town
We can learn to share our troubles, love each other double
Heart to heart we can make it if we try

FIGURE

Heads square thru in the middle and count 4 hands you know
Round the corner with a dosado once around you know
Swing thru go 2 by 2, boys run to the right
Bend the line, a right & left thru, turn the girl tonight
Pass the ocean, make your wave, recycle round I sing
Swing the corner lady, promenade around I sing
We can learn to share our troubles, love each other double
Heart to heart we can make it if we try

ALTERNATE LYRICS

Every man has a seed sleepin' deep inside his soul
It's a gift to give to others that's more precious than his gold

You're a stronger man than I am, if you can be unkind
To those that would befriend you for your money and your time
