## OPENER - MIDDLE BREAK - CLOSER

Circle left

\*Sun is up, time's at hand

There's a stir across the land

Left allemande, a dosado

Men star left in the middle and roll it round you go

Back home and turn thru, and go left allemande

Swing your own and promenade

\*\*Time to start, a brand new day

On life's highway

## FIGURE

Heads square thru 4 hands and go

Get around that corner girl a dosado

Swing thru and then the boys run right

Tag that line, face it right, then wheel & deal

Touch 1/4, scoot back I sing

Swing that corner girl and promenade that ring

Here's hoping you will never go astray

On life's highway

## ALTERNATE LYRICS

\*On city streets, down country roads

Like a stream the people float

\*\*There's bread to win and tolls to pay

On life's highway

\*The sun goes down, times gone by

Across the land the workers sigh

\*\*It's time to rest for another day

On life's highway
