

Make It With The Blues

DR-1026

Called by
Dave Towry

OPENER - MIDDLE BREAK - CLOSER

Circle left

I'd hate to think I'd ever have to make it without you

Here's where the men star right and roll it one time around the ring you do

Allemande left, weave the ring

*I can make it with my music, but without you still lose

Swing, promenade

If I ever had to make it without you

I'd have to make it with the blues

ALTERNATE LYRICS

I can stay high enough to fly and never get above missing you

FIGURE

Here's where the heads square thru and travel four hands around the ring you know

Dosado

You touch 1/4, split circulate

Boys run to the right, a right & left thru and turn your date

You pass the ocean, swing thru and then

Swing your own, promenade

If I ever had to make it without you

I'd have to make it with the blues

FIGURE

Here's where the sides square thru and travel four hands around the ring you know

Get a right & left thru

You swing thru, the boys run to the right

3/4 tag the line, girls turn back while the boys swing thru

Two center boys trade, the boys extend

And swing, promenade

If I ever had to make it without you

I'd have to make it with the blues
