## Walkin' Away

GMP-109

Called by  
Doug Bennett

### OPENER - MIDDLE BREAK - CLOSER

Four ladies promenade in the middle of the ring you know  
Come on back, swing and whirl your beau  
Join hands and circle to the left around and then  
Left allemande the corner, weave the ring  
It's the people who want love and the people who need love  
Who find love on the way  
I'm looking for someone, when I find the right one  
Then I won't be walkin' away

### FIGURE

Heads square thru in the middle and go  
Find that corner lady, do a dosado  
Star thru and then, do a right & left thru my friend  
Ladies lead dixie style to a wave and go  
Boys trade in the middle and then, boys run left  
Here's where the girls roll your man away and promenade  
I'm looking for someone, when I find the right one  
Then I won't be walkin' away
