

Lovin' On

GMP-303

Called by
Darryl Lipscomb

OPENER - CLOSER

Circle left

*Let the morning find you in my arms
And let the evening see you safe and warm
Allemande left that corner, turn your partner by the right
Do an allemande left and then you weave that ring
And let the troubles of the world go by
Swing your honey, promenade her I cry
And remember, honey you and I'll be lovin' on

FIGURE

Oh well the heads square thru in the middle
And you muddle in the middle to the tune of the fiddle
To the corner by the right and a right & left thru
And turn there with your beau
Swing thru, come a two by two and then the boys run right
Bend the line and then you pass the ocean tonight
Come on and swing thru, and then you're gonna scoot back and go
Well you swing your honey there and promenade that old ring
And remember, honey you and I'll be lovin' on

MIDDLE BREAK

Sides face grand square
There'll be mountains we may have to climb
And there'll be rainbows we may never find
But we'll never have to face that climb all alone
Do an allemande left and weave the ring
Through the hard times when it all goes wrong
Swing your lady and promenade her on home
And remember, honey you and I'll be lovin' on

ALTERNATE LYRICS

*Like a beacon shining in the night
And like the sunrise bringing warm daylight
