The Touch Of Your Hands

Opener: (Grand Square)
I found your letters today
Well I had tucked them away
With a pair of white gloves and a fan
(Allemande Left and Weave)
I held them a while
Swing your girl, and Promenade
(They took me back and made me smile)
As I remember the touch of your hand

Figure:
Now the Heads Square Thru count 4
Go all the way, Dosado
Now you Swing Thru and you Spin the Top you go
(Boys move up and a Right & Left Thru)
Flutter Wheel, Sweep $\frac{1}{4}$ more,
The corner Swing and Promenade
And I remember the touch of your hand

Break/Closer: (Grand Square)
Now the face in the mir-ror is older
The children worry they don't understand
(Allemande Left and Weave)
Though I don't live for the past
Swing your girl, Promenade
(But in dreams I still dance)
And remember the touch of your hand
