## Don't Make Me Have To Come Down There

Opener: (Grand Square)

Last night I had a dream about God  
He was standing on a mountain top  
Looking down, around in such dismay  
And in my dream I heard Him say (Allemande and Weave)  
Don't make me have to come down there  
My children you had best beware (Swing & Promenade)  
If you don't pay attention, consequences will be dire  
Don't make me have to come down there

Figure:

The Head two couples Square Thru count 'em four  
To the Corner Touch 1/4 there  
Scoot Back and then the Boys Run Right  
Go Right & Left Thru and Turn 1/4 more  
The Girls will Trade and then the Girls Run Right  
Boys Cross Fold, Swing your corner (Promenade)  
If you don't pay attention, consequences will be dire  
Don't make me have to come down there

Alternate Lyrics (2nd & 4th Figures):

I've let you try my patience as all good Fathers do  
You're on my last nerve, Sides Face Grand Square (I have had it up to here with you)

Break/Closer: (Grand Square)

I gave you a book, you didn't read it  
I gave you my word, you didn't heed it  
Gave you a map, you said you didn't need it  
And now you've lost direction and you're wandering aimlessly  
All Four Ladies Promenade inside  
Back home you Swing Promenade  
Why can't you learn to listen and learn to love and share  
Don't make me have to come down there  
It's America.
