

## Little Long-Haired Outlaw

CAR-2023

Called by  
Mike Huddleson

### OPENER - CLOSER

Sides face, grand square

\*I have been a cowboy dang near all my life  
That good old cowboy music is what I'm supposed to like  
He rides a pinto stallion down the canyons of my mind  
Makes camp beneath the memories below the timber line  
Allemande left with the corner girl  
Dosado your own, allemande left, promenade  
With a little long-haired outlaw  
Who's ridin' somewhere deep down in my soul  
He likes rock and roll

### ALTERNATE LYRICS (CLOSER)

\*I can do a concert, be strummin' along just fine  
Playin' "Little Joe the Wrangler"  
Something snaps inside my mind  
If you like country music and you don't like the song  
Well, I'd like to apologize if the tune kinda came out wrong

### FIGURE

Heads square thru, 4 hands around and then  
Dosado the corner girl, make an ocean my friend  
Swing thru and then, boy run right  
Couples circulate, chain down that line  
Star thru, pass thru, trade by and swing  
Swing the corner, promenade that ring  
With a little long-haired outlaw  
Who's ridin' somewhere deep down in my soul  
He likes rock and roll

### MIDDLE BREAK

Four ladies chain, turn that girl  
Join hands and circle, to the left go round that ring  
Ladies center, men sashay, circle left and go  
Ladies center, men sashay, allemande left and weave  
I can feel that long-haired music  
Wellin' up from the rivers of my soul  
Swing the girl, promenade  
With a little long-haired outlaw  
Who's ridin' somewhere deep down in my soul  
He likes rock and roll

### TAG

Gotta play that rock and roll
