

## Rub It In, Rub It In

CAR-2024

Called by  
Jerry Routh

### OPENER - CLOSER

Sides face, grand square

\*Lie beside me on the sand

Put some lotion in your hand

Come on and make me feel nice, kiss me once or twice

Say you love me again

Allemande and weave the ring

Rub it in, rub it in

Swing your girl, promenade

I feel the tingle begin, you're gettin' under my skin

Rub it in, rub it in

### FIGURE

Heads square thru 4

Find that corner, dosado

You swing thru and then, boy run around your girl

You wheel and deal around, do an eight chain 4

Rub it in, rub it in,

Swing that corner promenade

I feel the tingle begin, you're gettin' under my skin

Rub it in, rub it in

### MIDDLE BREAK

Sides face, grand square

Ahh - put a little on my left shoulder

Put a little on my right shoulder - feels good

Allemande and weave

Turn your radio on, find a slow movin' song

Baby, whisper in my ear, say the things I want to hear

Say you love me again

### ALTERNATE LYRICS

\*Put a little on my nose

Put a little on my toes

Put it on my back and my sacroiliac

And a dab on my chinny-chin-chin

### TAG

Swing her

Rub it in, rub it in
