CAR-2044

Called by
Jerry Routh

OPENER - CLOSER

Circle left

*How many roads must a man walk down
Before you can call him a man
Allemande left that corner girl, dosado and then
Boys star left around the land
Turn your partner by the right, corner allemande
Come on back, swing and promenade
The answer my friend is blowing in the wind
The answer is blowing in the wind

ALTERNATE LYRICS

*How many times must a man look up
before he can see the sky

FIGURE

Heads (sides) promenade 1/2 way around the ring and then
Walk right in and do the right and left thru
Flutter wheel straight across, sweep 1/4 more
Pass thru, do the right and left thru
Dive thru, square thru 3 hands and then
Swing that corner girl, promenade
The answer my friend is blowing in the wind
The answer is blowing in the wind

MIDDLE BREAK

Sides face grand square
How many years must a mountain exist
Before it is washed to the sea
How many years must some people exist
Allemande left and weave around that ring
How many times must a man turn his head
Swing that girl around, promenade
The answer my friend is blowing in the wind
The answer is blowing in the wind

TAG

The answer is blowing in the wind
