

If Your Heart Should Ever Roll This Way Again

CAR-2001

Called by Jim Jefferies

OPENER - MIDDLE BREAK - CLOSER

Four ladies promenade, go once around that ring
Get on back and give that man a swing
Join all of your hands and circle left and now
Left allemande, weave the ring
*Everybody's got a road to follow
Swing that lady round and promenade
I'm here today and I'll be here tomorrow
If your heart should ever roll this way again

FIGURE

Heads promenade travel halfway around
Come down the middle and then go right & left thru
Square thru 4 hands, go walkin' round the ring now
Dosado that outside two
Swing thru and then boys trade and turn thru
Left allemande, promenade
I'm here today and I'll be here tomorrow
If your heart should ever roll this way again

ALTERNATE LYRICS

*Oh, darlin', I could be your shelter
