OPENER

Circle left

I cried the day you left me, and still don't know what kept me
From jumping off the highest bridge, I know
Men star by the right hand
Left allemande that corner, weave the ring
Oh, my poor heart was breaking, felt lower than a snake in
And that's about as low as you can go
I tried to hide my sorrow, started living for tomorrow
Now I think I'm gonna make it all the way

FIGURE

Heads reverse flutter wheel
Keep her and outside promenade halfway
Lead out to the right
Pass the ocean, fan the top
Swing thru, turn thru
Left allemande, and promenade
My troubles came in bunches, kept rolling with the punches
Now I think I'm gonna make it all the way

MIDDLE BREAK

Circle left

Stopped drinking, fell down started thinking
There's no way to live yesterday
Men star by the right hand
Left allemande that corner, weave the ring
I tried my best to take it, kept smiling, tried to fake it
Meet your girl and all promenade
Don't blame me for trying, oh I've stopped my crying
I think I'm gonna make it all the way

CLOSER

4 men promenade inside that old ring
Get back and give your gal a swing
Join up hands and circle get walking around that track
Left allemande that corner and weave on back
Now my heart is healing, got a real good feeling
Meet your girl and promenade
Now I got no sorrow, I'm living for tomorrow
And I know I'm gonna make it all the way

TAG

Yeah, I know I'm gonna make it all the way
