Called by

OPENER - MIDDLE BREAK - CLOSER

Sides face, grand square

If you say my eyes are beautiful, it's because they're looking at you

And if you could only see yourself, you'd feel the same way, too

Four ladies chain across the ring, chain her back

and promenade her too

If you say my eyes are beautiful, it's because they're looking at you

FIGURE

Heads square thru and count to 4 now, ohhh, dosado

You slide thru and then go right & left thru my friend

Ladies lead flutter wheel and go

You pass the ocean there and then you swing thru

Swing that corner, promenade her too

If you say my eyes are beautiful, it's because they're looking at you
