## Louisiana Red Dirt Highway

Q-1879

Called By Sam Lowe

### OPENER

Circle left

Pulled out the driveway past an old tar paper shack

Left allemande that corner, come back you dosado

Men star left, turn thru, left allemande

Come back, swing the girl around and promenade

It's gona be a long time

Before I travel down this red dirt road again

### FIGURE

Heads square thru in the middle

4 hands around the ring you go, dosado

Swing thru and then the boy run right

Ferris wheel in the middle when you pass thru

Right and left thru, roll a half sashay

Swing the corner, promenade

\*It's gonna be a long time

Before I travel down this red dirt road again

### MIDDLE BREAK - CLOSER

Circle left

Louisiana red dirt highway

I've been down a million times

Men star right and turn it round now

Allemande left and weave the ring

I'm gonna take 'em to the city

Where a man can swing and promenade

I'm already pretty lonesome

And my tires ain't even slung off all the clay

### TAG

I'm already pretty lonesome

And my tires ain't even slung off all the clay

### ALTERNATE LYRICS

\*And mama done the cookin' and the cleanin'

And taught us what was good
