True Love Never Dies

Q-1891

Called By Richard Lane

OPENER - CLOSER

Circle left

*The last time I thought about leavin'
Was the last time that I made her cry
Left allemande the corner, dosado with your own
Allemande left with the corner, weave the ring
If I had one drop of water
Swing your girl and promenade on home
I'd sail back to her on an ocean of sorrow
True, true love never dies

FIGURE

Head 2 couples promenade about halfway
Walk into the middle and do the right & left thru
Flutter wheel across the floor, sweep 1/4 more
Pass thru, right & left thru
Swing thru and then the boy run right now
Half tag, swing and promenade
I'd sail back to her on an ocean of sorrow
True, true love never dies

MIDDLE BREAK

Sides face, grand square
The first time I thought of returning
Was just ten lonesome miles out of town
But my foolish pride kept these wheels a turnin'
And there was nothing on this earth gonna shut me down
Circle left
If I had just one drop of water
Left allemande, promenade on home
I'd sail back to her on an ocean of sorrow
True, true love never dies

TAG

True, true love never dies

ALTERNATE LYRICS

*The fire of anger turns to ashes
And your pride will forsake you by and by
