Got A Lot Of Rhythm

Q-1905

Called By Richard Lane

OPENER - MIDDLE BREAK - CLOSER

Sides face grand square

*Come on dad, get with the jive

Let's let 'em know that we're alive

Until the break of dawn we'll yell for more, more, more

We're gonna live it up and tear it down

Get in the groove and paint the town

Got a lot of rhythm in my soul,

Circle left

Baby, baby, let's go tonight, together you and me

Left allemande your corner girl, promenade you see

The big black hand on the clock

Tells me that it's time to rock

Got a lot of rhythm in my soul

ALTERNATE LYRICS

*Big bad beat and a crazy bop

When the lights are low and the music's hot

We'll dance from 2 to 3 and then a half past 4

When that sun peaks over the hill

I won't stop, I'll be rockin' still

Got a lot of rhythm in my soul

FIGURE

Head couples square thru, get 4 hands around you do

All the way and here's a dosado

Swing thru and then boys you trade, boy you run

Bend the line and here's a right and left thru, dixie style

Make an ocean wave and now the boy you cross fold

You swing and whirl the corner girl, promenade her home

The big black hand on the clock

Tells me that it's time to rock

Got a lot of rhythm in my soul
