ROSES AND LOVE SONGS

PCD-6034

OPENER

Sides face, Grand Square
I've seen the way her head turns
When a big shiny car passes by
And I can't help but notice how the clothes
In the store windows catch her eye. Allemande and Weave.
And I don't quite understand, Swing and Promenade her along
Knowing all in life that I can give her
Are roses and love songs.

FIGURE

Heads [sides] Square Thru, go 4 hands around
Do Sa Do the one you've found
Swing Thru, go two by two
Boys run, you do, Girls Trade, Cast off 3/4 here
Ladies in the lead, Dixie Style
Boys Cross Fold, Swing and Promenade her home.
Knowing all in life that I can give her
Are roses and love songs.

MIDDLE BREAK

A small time square dance caller can't afford
Satin gowns and diamond rings
But she always smiles and says
She gets along quite well without those things.
Allemande and Weave.
And she says that she's content
Just to stay here with me right or wrong
Knowing all in life that I can give her
Are roses and love songs.

CLOSER

Sometimes she'll cry, but she'll never complain
And all the clouds in our sky, she's used to the rain.
Allemande and Weave.
Still she says the nicest moments she's ever known
Are the moments we share when I bring her
Roses and love songs.
