OPENER - MIDDLE BREAK - CLOSER

Circle left

I was born in the country, I was raised with the sun
The flowers were my pillow when the day's work was done
Allemande left that corner, box the gnat at home
4 ladies promenade that ring, it's once around you go
Turn your partner by the right and go left allemande
Come on back and promenade, go walking round the land
Born in the country, raised with the sun
I won't forget no matter where I roam

FIGURE

Head (side) couples promenade go halfway round that ring
Down the middle do a right & left thru
Turn a little girl my friend
Square thru and get 4 hands, 4 hands you go
Pass the ocean, make a little wave and then you fan that top
Recycle round you go, swing that corner there
Allemande left new corner, promenade the square
The glitter of the city life keeps going through my mind
I won't forget the place where I was born

TAG
