

## Blue Moon

CD-224

Called by  
Mike Seastrom

### OPENER - MIDDLE BREAK - CLOSER

Sides face, grand square

\*Blue moon, you saw me standing alone

Without a dream in my heart

Without a love of my own

4 ladies chain across that ring

Blue moon

You chain 'em back now

Promenade that lady home

Without a dream in my heart

Without a love of my own

### ALTERNATE LYRICS

\*Blue moon, you knew just what I was there for

You heard me saying a prayer for

Someone that I could really care for

\*Blue moon, now I'm no longer alone

I've got a dream in my heart

And now I've got a love of my own

### FIGURE

Heads (sides) lead right and circle to a line now

Move up & back, a right & left thru tonight

Oh pass thru, wheel & deal, a double pass thru

1st couple go left, the next one right

Star thru, pass thru, trade by, left allemande

Promenade new lady home

Without a dream in my heart

Without a love of my own

### TAG

I've got a love of my own
