## Running With The Wind

CD-278

OPENER - MIDDLE BREAK - CLOSER Circle left

\*Big wheels spinning on the blacktop  
I feel like I never will stop  
Left allemande and do a dosado  
Left allemande and weave the ring  
\*\*I can't get nothing on the radio  
Swing your girl and promenade her just so, (so fine)  
\*\*\*Just like a song I used to know  
I'm driving my life away

### ALTERNATE LYRICS

\*Dancing little girl in Amarillo  
She sure knew how to swing and whirl

\*\*I just said baby El Paso

\*\*\*That's where the big wheels gotta go  
Running, running, running with the wind

\*She said don't worry baby you'll be fine  
I'll get you down the road in plenty of time

\*\*I'm better for you than that white line

\*\*\*I'm sure glad we've had a real good time  
Dancing our life away-ay-ay

### FIGURE

Heads (sides) square thru and get four hands and then  
With the corner you dosado my friend  
Swing thru two by two, scoot back across you do  
Girls hook up and fan the top, boys move up  
Slide thru, pass thru, left allemande  
Swing and promenade the floor  
\*I listen to the windshield wipers flow  
I'm driving my life away

### ALTERNATE LYRICS FOR FIGURE

\*Roll along until I drop  
Rolling all night and day

\*One bad machine, me and old Mack  
Driving my life away

\*We've seen a lot of black track  
Running, running, running with the wind
