Opener – Middle Break _ Closer

Sides Face Grand Square

My Mama met my Daddy down in Alabam
They tied the knot - so here I am
Born on the Bayou on the Texas line
Loved Louisiana and raised on Jambalaya
Allemande Left and Weave around that hall
You Swing your girl and Promenade you'll
Money to burn and the girls were pretty
Didn't take me long – I was born to boogie

Figure (Twice for Heads – Twice for Sides)

Heads (Sides) Square Thru get four hands and go
Around that corner lady Do-Si-Do one time you go
You touch a quarter then Walk and Dodge my friend
A Right and Left Thru and turn her now
You Flutter Wheel across that ring and Slide Thru
You Swing your corner girl and Promenade you-all
Money to burn and the girls were pretty
Didn't take me long - I was born to boogie

Additional Words for Middle Break

When I was eighteen I went to Hollywood
I met Elvis, Marilyn and Johnny Be Good
Got my guitar painted in the California sun
A red Cadillac – having too much fun Allemande – Weave
Smile when you meet your girl
Then you Swing her around - Promenade Around the World
Take it now – musical interlude

Additional Words for Closer

Now we were playing them halls and jammin 'em
