ANOTHER YOU

Opener/Break/Closer

Circle left

Well her eyes are a little too blue
But they still remind me of you
Go allemande the corner, do sa do your own
The men star left, one time around
Touch 1/4 & boys run right
Go allemande then promenade tonight
Well it might just be I've found another you

Figure

Well those heads (sides) square thru you know
Then make a right hand star & go
Heads (sides) star left, go one time around
A right & left thru, dive thru
Square thru three hands I sing
Swing that corner, promenade the ring
Well it might just be I've found another you

Middle break

When you walk into the room,
I smell a fragrance of your perfume

Closer

There's a feeling I've found dear,
That holds you in my mind so clear

Tag

Swing her. Well it might just be I've found another you
