

Daydreaming

Called By Walt Courtney

MAR-516

OPENER - MIDDLE BREAK - CLOSER

Circle left

Well sitting on the front porch, looking down a dusty country road

My mind takes me back to the past

Do an allemande left that corner, come back do a dosado

Left allemande that corner, weave the ring

Daydreaming again

Swing your corner lady around and promenade

My mind takes me back to a memory of the past

Daydreaming again

FIGURE

Heads promenade halfway around you go

Gonna lead to the right and do a little dosado

Swing thru tonight, boys run right

Bend the line and do a right & left thru

Flutter wheel across you go, sweep 1/4 more

Pass thru, swing your corner, promenade

My mind takes me back to a memory of the past

Daydreaming again

TAG

My mind takes me back to a memory of the past

Daydreaming again
