MR-3000

Called by
Mark Clausing

OPENER - MIDDLE BREAK - CLOSER

4 little ladies gonna chain that ring
You're gonna turn that girl and hear me sing
Join your hands and circle left
Circle to the left go round that set
Ladies center, men sashay
Circle left go round that way
Ladies center, men sashay
Allemande left and weave that ring
Fisherman's luck and a hook or two
A little bit of fishin' line and sinkers, too
Dosado when you meet that maid
Take that lady and promenade
And if you catch a fish when the sun comes up
It could be said you have fisherman's luck
It takes a lotta go and a whole lotta know
For a man to make a livin' on the old Bayou

FIGURE

Head couples square thru 4 hands around you do
Around that corner lady go, dosado you know
Swing thru and when you do, spin the top, that's what you're gonna do
The boys move up with a right & left thru, you turn that girl & you're still not through
Square thru 3/4 round, find that corner and swing her round
Swing that corner, go high and low, take that lady and promeno
And if you catch a fish when the sun comes up
It could be said you have fisherman's luck
It takes a lotta go and a whole lotta know
For a man to make a livin' on the old Bayou
