

# Fais Do Do

SUN-2014

Called by Ingo Sschumacher

## OPENER - CLOSER

Circle left

Listen to the fiddles from the fais do do, playin' all of my favorite songs

Walk around your corner girl, see saw your own

Allemande left the corner, weave around that ring

Fais do do let the good times roll

Let the music move your soul (Swing Promenade)

Fais do do, let yourself go dance

Hey, dancing at the fais do do

## MIDDLE BREAK

Walk around the corner, see saw your own

Join hands circle left

allemande left to an allemande thar

Right and left the men wheel in back up star

Slip that clutch, skip one,

Allemande left, right & left grand

Let the music move your soul (Promenade)

Swing her at home as we dance to the fais do do

## FIGURE

1 & 3 (2 & 4) lead to the right, circle around that track

Break right out and make that line, move forward up & back

Touch 1/4, coordinate

Couples circulate, wheel & deal

Swing thru two by two, turn thru

Allemande left that corner, promenade that ring

Fais do do, let yourself go

Got to dance to the fiddle and bow
