

# Country In My Genes

ESP 751

Caller Bill Harrison

## OPENER

I've got country in my genes, country in my blood  
It goes back generations, it's something I'm proud of  
Allemande that corner, turn partner right  
Allemande left, weave the ring  
It's something I was born with, what you get is what you see  
Swing, promenade  
I'm just an old hillbilly with a country song to sing  
Lord, I've got country in my genes

## FIGURE

Couple 1 split couple 3, separate around 2 to a line of 3  
Lines of 3 forward and back  
Couple 3 walk across the floor separate around 2 to a line of 4  
Lines forward and back, square thru 3, swing, promenade  
I'm just an old hillbilly with a country song to sing  
Lord, I've got country in my genes

## MIDDLE BREAK

4 girls promenade in the middle once around that hall  
Come back home swing once around  
Join your hands circle around that hall  
Allemande left and weave  
It's something I was born with, what you get is what you see  
Swing and promenade  
I'm just an old hillbilly with a country song to sing  
Lord, I've got country in my genes
