

She's Not You

SNOW-201

Called by
Anders Blom

OPENER - MIDDLE BREAK - CLOSER

Circle left

Her hair is soft and her eyes are all so blue

The men star right one time around

Allemande left, weave the ring

She knows just how to make me laugh when I feel blue

Swing your girl, promenade

And it's just breaking my heart that she's not you

FIGURE

Heads promenade halfway

Sides do a right & left thru

Same four square thru 4 hands around

Dosado, eight chain 4

She even kisses me like you used to do

Swing your girl, promenade

And it's just breaking my heart that she's not you

TAG

Swing her

She's everything a man could want

But she's not you
