Circle left

That old black magic has me in its spell
That old black magic that you weave so well
Left allemande the corner girl, come back you dosado
Left allemande come on you're gonna weave it you know
Well those icy fingers up and down my spine
Swing a little girl and you promenade the line
It's round and round I go, down and down I go
That old black magic called love

FIGURE

Well those heads promenade take her halfway around
While 2 & 4 go right & left thru and turn 'em around
You square thru 4 hands on around you go
You dosado and do an eight chain 4
Those icy fingers up and down my spine
Swing your corner, promenade that line
It's round and round I go, down and down I go
That old black magic called love
