Opener

Grand Square

If we make through December, everything's gonna be alright I know,
it's the coldest part of winter, and I shiver when I see the falling snow.

Allemande left, and weave,

If we make it through December, Got plans to be in a warmer town come summertime,
Maybe even California, if we make through December, we'll be fine.

Figure

Heads square and you get 4 hands in the middle of the ring now,

Dosado that corner girl,

Swing thru and spin the top now,

Then a right & left thru and turn the girl,

Flutter Wheel and Sweep $\frac{1}{4}$ more

Swing that corner, Promenade

Maybe even California, if we make through December, we'll be fine.
