

Only A Woman Knows

SIR-603

Called by Jack Borgström

OPENER - MIDDLE BREAK - CLOSER

Circle left

*A lover's first touch, and dream of that night

She'll keep in her heart for the rest of her life

Left allemande, dosado

Left allemande, weave the ring

Only a woman will understand

A shine of a diamond on her hand

What's so special about a rose

Only a woman knows

FIGURE

Heads square thru four hands

with your corner dosado

Swing thru and then, spin that old top

Boys move up and right and left thru

You square thru and get me 3/4 round

Swing a little girl and promenade her home

What's so special about a rose

Only a woman knows

ALTERNATE LYRICS

*Those three little words, men find so hard to say

Mean so much to her, have you told her today

*Love's not a game, but there is a rule

Nothing's for granted and nothing's assumed

TAG
