ESP 1027

Caller Elmer Sheffield Jr

OPENER - MIDDLE BREAK - CLOSER

All four ladies gonna chain the ring
Then roll away and circle left I sing
Roll away and circle left you go
Left allemande and weave you know
If I ever stop loving you
Will you never stop wanting me to
Say you won't and that's what I'll do
Never stop loving you

FIGURE

Now the heads square thru to four
Round that corner do a dosado
Swing thru and then, spin that old top
Boy walk up a right and left thru
Square thru go three hands round
Swing the corner, promenade somehow
All I'm ever gonna always do
Is never stop loving you
