

Private Emotion

SIR-711

Called by
Thorsten Geppert

OPENER - MIDDLE BREAK - CLOSER

Circle left

Every endless night has a dawning day

Allemande left your corner honey, turn the partner right

Allemande left your corner and you weave the ring

It's a private emotion

That fills you tonight

Left your private emotion come to me

FIGURE

Heads promenade your lady halfway around

Down the middle and square thru four hands around

All the way, right on, a right & left thru

Veer to the left and circulate one time

Half tag, go scoot back you know

Swing your lady then you all promenade

Can't you see me here, how can you deny?

TAG

Ah, swing your baby - yeah swing her now...come to me!
