## OPENER - MIDDLE BREAK - CLOSER

Circle left

Work in the yard burnin' all of my daylight

Workin' 'til it's time to play

Allemande left your corner, come back a dosado her

Allemande left that corner lady, weave that ring

Cause you're my engine of love, I'll fill you with emotion

Swing 'em and you promenade

If you follow me your love will be mine

## FIGURE

Head two couples promenade go halfway around now

Walk right in and square thru four

All the way around and then you do the right & left thru there

Veer left and ferris wheel in time

Square thru and go, 3/4 'round and

Swing her, promenade along

If you follow me your love will be mine

## TAG

Sides face, grand square

Engine of love, take me with you baby

I'll take you along, right on down the line

Swing her you're my engine of love
