

My Girl (Cheyenne 504) Chuck Veldhuizen

OPENER - MIDDLE BREAK - CLOSER

Circle left

I've got sunshine on a cloudy day

Men star right now, go once around that way

Allemande left, weave the ring

I guess you'd say

Swing your girl around, promenade her that way

With my girl (my girl, my girl)

Talking 'bout my girl (my girl)

FIGURE

Heads square thru now

Four hands around and go, dosado

Swing thru and then, spin the top and go

Right & left thru

Square thru 3 hands around and go

Swing your corner there, promenade her back home

With my girl (my girl, my girl)

Talking 'bout my girl (my girl)
