

Midnight Special

CD-206

Called by
Jim Davis

OPENER - MIDDLE BREAK - CLOSER

Sides face, grand square

*Well you wake up in the morning, boy

You hear the ding dong ring

And you look upon the table

You see the same old thing

4 ladies chain it right on over

You turn and chain 'em home again, promenade

Let the Midnight Special shine its light on me

FIGURE

Heads (sides) square thru and do a dosado

Swing thru and then, boys you run

You're gonna ferris wheel, why don't the centers pass thru

Swing the corner lady round

Left allemande and promenade

Let the Midnight Special shine its ever loving light on me

ALTERNATE LYRICS

*If you're ever down in Houston, you know you better walk right

Well you better not gamble, boy, and you better not fight

*Here comes Miss Lucy, she got a paper in her hand

You know she's gone to see the warden, she's gonna free her man
