OPENER - CLOSER

Four ladies promenade, walk on around you go
Get back home and box the gnat, swing the man you know
Join all of your hands and then you circle to the left
Do an allemande left that corner and you weave
It's a stop in the road
You swing 'em 'round and 'round and promenade
It's a stop in the road
This old place ain't home, it's just a stop in the road

FIGURE

Head couples promenade, it's half around you go
Walk in and pass thru, you separate get behind the sides
Do a double pass thru, cloverleaf you get moving 'round
Those centers square thru and you get me 3
And when you're done slide thru, square thru 3/4 more
Swing that corner girl and promenade
It's a stop in the road
This old place ain't home, it's just a stop in the road

MIDDLE BREAK

Sides face, grand square
Just put that hammer down and I'll ignore that county line
I've had enough of this old town, I'm leaving it behind
Folks have dropped their friendly act, now they're gettin' cold
This old place ain't home, it's just a...
Allemande and weave
It's a stop in the road
You turn thru, left allemande and then you promenade
It's a stop in the road
This old place ain't home, it's just a stop in the road

TAG

This old place ain't home, it's just a stop in the road
