

It Might As Well Rain Until September

(KDM-201)

Called by: Chris Froggatt Sydney, Australia

Opener, Closer

Sides Face, Grand Square

The weather here has been as nice as it can be

Although it doesn't really matter much to me

(Allemande & weave)

For all the fun I'll have, while you're away (promenade)

It might as well rain until September

Figure - twice for Heads, twice for Sides

Heads promenade go halfway

Down the middle pass the ocean

Those girls trade, extend

Swing thru, boys you run

Bend that line, star thru

Pass thru, corner girl you swing

And promenade and go

It might as well rain until September

Middle Break

Sides Face, Grand Square

My friends look forward to their picnics on the beach

Yes, everybody loves the summertime

(Allemande & weave)

But you know darling while your arms are out of reach (promenade)

The summer isn't any friend of mine
