## OPENER - MIDDLE BREAK - CLOSER

Circle left

\*I lost my heart in Louisiana

Just to you, yes to you

Allemande left the corner lady, dosado, go

Allemande left the corner, weave the ring now

You know I just can't be without you

Swing the lady round, promenade (That's why I don't even try)

So I never go to a square dance

Without you, without you

## ALTERNATE LYRICS

\*At night in my sleep I'll be dreaming

Just of you, yes of you

## FIGURE

Four couples promenade and go halfway round now

Heads square thru and get all four

All the way and then touch 1/4

Scoot back, move in, boys run right

Pass thru and tag the line

The leaders u-turn back

Swing the lady round, promenade

I never go to a square dance

Without you, without you

## TAG

Without you, without you
