ROC-1109

Called by Glenn Wilson

OPENER

Circle Left

It's the same old me, in the same old clothes
Same old face, that you're sure to know
Men Star Right, one time tonight
Left Allemande, Weave that Ring
It's the same old day, in the same old week
Swing your girl and all Promenade
It's the same old blue, side of me baby
With the same old love for you

FIGURE

Heads Promenade Halfway and go
Walk in, Pass the Ocean, Extend
Swing Thru, Spin that Top
Boys move up, a Right & Left Thru
Pass Thru and then Chase Right
Swing your lady, Promenade her tonight
It's the same old blue, side of me baby
With the same old love for you

MIDDLE BREAK

Circle Left

It's the same old day, in the same old week
I got the same old shivers, won't you sail away with me?
Men Star Right, one time tonight
Left Allemande, Weave that Ring
I've got the same old legs, in the same blue jeans
Swing your girl and all Promenade
It's the same old blue, side of me baby
With the same old love for you

CLOSER

Circle Left

Got the same old legs, in the same blue jeans
In the same old head, lies the same old dream
Men Star Right, one time tonight
Left Allemande, Weave that Ring
It's the same old me, in the same old clothes
Swing your girl and all Promenade
It's the same old blue, side of me baby
With the same old love for you
