

## When Willie's Gone

JP-903

Special Guest Caller Bill Powell

### Opener

Sides Face Grand Square

He's always been there with me, every mile I've been out on the road.

Well me I did the driving, while Willie sang on the radio

Allemande and weave

Oh you love him, or you hate him, but a hundred million records can't be wrong.

You Swing & Promenade

Whiskey River will never be the same, when Willie's gone.

### Figure

Well now those heads Square Thru go 4 hands round the ring you do go all the way, and do a Dosado,

You'll Swing thru tonight, all the boys run Right, Bend the Line, go right & Left Thru, Pass The Ocean,

Then Recycle, Swing that girl around and you Promenade

Who's gonna sing On The Road Again, When Willie's gone.

### Break

Sides Face Grand Square

That red headed stranger who lived the life that's written in his song.

He's the last of the outlaws, even though his music will live on

Allemande and weave

Oh I wonder how the world will be, an what country music's gonna be

Swing & Promenade

Who's gonna sing On The Road Again, When Willie's gone.
