## **NOBODY'S BABY BUT MINE**

**OPENER** Circle. Oh, you said you were my baby, I know that you're my baby  
But it seems to me you've got a roving eye.  
Do an allemande left the corner, turn a right hand round the partner.  
Now men star left, I'll tell you why.  
Come on and turn the partner right and you go left allemande  
Swing your girl you promenade.  
You gotta leave those kissin' cousins, you've got 'em by the dozens  
'Cause you're nobody's baby but mine.

**FIGURE** Come on the heads [sides] promenade go half way  
Pass the ocean, extend that tag.  
Swing through, swing through again.  
Girls trade, recycle, then come on  
Slide through, square through and go 3/4 'round  
Take that corner, promenade  
Well, if you want to be my baby, you've got to be my baby,  
And nobody's baby, but mine.

**BREAK** Now I heard there was another, so I went and asked your mother  
Is anybody hangin' round but me?  
Allemande left the corner, turn the right hand 'round the partner.  
Men star left and around you see.  
Come on and turn the partner right and you go left allemande  
Swing your girl, you promenade.  
She gave me satisfaction, so I'll take no further action  
If you're nobody's baby, but mine.

**CLOSER** Circle. If you want to be my baby then you've got to be my baby  
Come and tell me everything is so fine.  
Allemande left the corner, turn the right hand 'round the partner.  
Men star left and I ain't lying.  
Come on and turn the partner right and you go left allemande  
Swing your girl, you promenade.  
If you're gonna be my baby, then you've gotta be my baby, honey.  
Nobody's baby but mine.  
Everybody swing.  
Nobody's baby but mine.
