Opener/Break/Closer: (Circle Left)

Lexington and Concord were the places of her birth
She got her red stripes from the blood spilled upon the earth
Walk around your corner – See Saw around your own
Allemande Left and Weave around that ring
Through the challenges of history, our flag stood tall and true
Swing the lady there and Promenade
Today she represents the pride of all the souls who served and died
That's why she'll always be, Old Glory

Figure:

Head two couples Promenade - half 'round that ring
Down the middle Square Thru – four hands 'round I sing
All the way around - do a Right & Left Thru
Pass Thru – Trade By – Touch a Quarter, too
Scoot Back and then you're gonna Scoot Back again
Swing your corner there and Promenade
Today she represents the pride of all the souls who served and died
That's why she'll always be, Old Glory

Additional Lyrics:

Clark and Lewis held her high as they explored this land
Her colors waved throughout the West and crossed the Rio Grande
The Constitution's Bill of Rights, Lincoln on his throne
The Jefferson Memorial, the Capitol's dome
